

DRDP Online is...

- The data entry system for all DRDP assessment views
- Free for state-funded programs, Head Start programs, and any program affiliated with Quality Counts California

2

· Full of helpful features!

2

New Features of DRDP Online

- · Ability to choose a view of the assessment
- · Additional roles available for users
- Users have the ability to have multiple roles
- · Multiple teachers assigned to one class
- · Multiple sites assigned to a site administrator
- · All data connected to children

© 2019 California Department of Education

Simple Steps to Get Started

- Lead Agency admin selects the assessment view.
- Check that all users are in the system. (If users are missing, add them.)
- Create classrooms for the current rating period.
- Now, add children to the system. (Use either the upload template or add them one at a time.)
