1. Administrator Role

The Administrator Roles with the permission to add children in DRDP Online are Site Administrator, Agency Administrator, Head Start Grantee Admin, Family Childcare Provider, Teachers of Record + Enrollment, Data Entry/Analyst, and Lead Agency Administrator. For more details, view [DRDP Roles and Permissions](#).

2. Getting Started

1. Go to the [DRDP Online system](#).
2. Enter your **username**. (This is your complete email address (e.g., **Error! Hyperlink reference not valid..**)
3. Enter your **password**.
4. If you forget your password, select **Forgot Password** under the login button (*Figure 2-1*). After verifying your email address, the system will email you a link to reset your password.) Create a new password using these requirements:
 - Eight characters long
 - Upper- and lower-case letters
 - Numbers, symbols, or special characters (@,\$,%,*,!,)

The screenshot shows the DRDP Online login interface. At the top, there is a blue header with the DRDP Online logo and a photo of two young children. Below the header, the main content area is light blue. In the center, there is a white box titled 'Log in to your account'. Inside this box, there are two input fields: one for the username (stherri@wested.org) and one for the password (masked with dots). Below these fields is a blue 'Log In' button. Underneath the button is a green-bordered box containing the text 'Forgot Password?'.

Figure 3.1-1. Add New Child

This will direct you to the **Search for Child** section in the **DRDP Online System** (Figure 3.1-2). Before adding a child, you must ensure that the child is not already in the system. This feature will search the entire system (across agencies) for children's data. The required fields for searching for a child are First Name, Last Name, and Date of Birth.

Before adding a new child, a class must already have been created and assigned to the current rating period. You can verify this by navigating to the **Setup Menu** and checking under **Teacher Assignments and Ratings**.

6. A **No Results Found** window (Figure 3.1-3 below) will appear if the child is not in the system.

Figure 3.1-3. No Results Found Pop-Up and Add New Child

7. After ensuring the child is not in the system, the administrator may add a new child by selecting the blue **Add a New Child** button (see *Figure 3.1-3 above*).
8. The **Add New Child** window will appear (*Figure 3.1-4*).

Figure 3.1-4. Add New Child Window

If you have multiple Children to upload, consider using an **Upload Template** found under the **Resource** tab (*Figure 3.1-5*)

Figure 3.1-5. Resources/Upload Templates

All information marked with a red asterisk (*) is required, except for the **Statewide Student Identifier** or the **Agency/District Student Identifier**, where only one of these is required. The 10-digit State Student (SSID) Identifier and the Agency/District Student Identifier track the child's developmental progress from one rating period to another. You only need one of those identifiers.

9. Complete this form thoroughly, ensuring you scroll down to complete all required fields.
10. Once the child's demographic information is entered, select the **Save & Enroll** button at the bottom of the window.
11. The **Complete Enrollment** window (*Figure 3.1-4*) for the child will appear.
12. Select the **Rating Period**, then the **Site** to which you want to add the child, the **Classroom**, and the **Enrollment Date**.
13. Select **Save & Enroll**.

4.3. Choosing Agency Views

The Lead Agency Administrator must select and lock the **Assessment Ratings View** of the DRDP for their agency or program. This selection must be made for all age levels, even if you do not provide services for children in certain age groups, in which case N/A (non-applicable) can be chosen. This step must be completed before uploading Classrooms or Children.

1. To select the views of the DRDP, select **Setup Menu**, then **Ratings View Setup** (Figure 4.3.1) from the navigation menu.

2. Select the blue **Search** button to find your agency.
3. The **Ratings View Setup** window appears (Figure 4.3-2 below).

The Lead Agency Administrator will select the views to use for DRDP (2015) or DRDP (2025).

For **DRDP (2015)**, select one view for each age level. If you do not provide services for children in certain age groups, choose **N/A**.

For **DRDP (2025) Early Adopters**, select whether to assign **Rating Views** for your entire agency by Site, by Classroom, or **N/A** if you are not an Early Adopter. Then choose one view for each age level.

- For Infant-Toddlers (IT) and preschool-3rd-grade (P-3) programs, there is only one view option available.
- For preschool, Transitional Kindergarten, and kindergarten groups (PTK), there are two choices: the PTK View or the PTK View with additional History–Social Science (HSS)/Visual and Performing Arts (VPA) measures.

Note: Agencies must continue using the DRDP (2015) for children with an IEP (Individualized Education Program) or IFSP (Individualized Family Service Plan).

4. Once you have chosen the views for your agency, select **Save and Lock** (Figure 4.3-2).
