

DRDP Online 2025 Tip Sheet

Set and Lock Rating Views in DRDP Online for Administrators

At the beginning of the school year, only the designated Lead Agency Administrator can set and lock the rating views. The Lead Agency Administrator must select and lock the Assessment Ratings View of the DRDP for the entire agency or program. This selection must be made for all age levels, even if you do not provide services for children in certain age groups, in which case N/A (not applicable) may be chosen. This step must be completed before uploading Classrooms or Children.

The Desired Results Developmental Profile (DRDP) views may only be changed once each fiscal year. Once selected, the view remains the same until the end of July of the next fiscal year. Please visit [Desired Results for Children and Families/Desired Results System](#) and select [DRDP \(2015\)](#) or [DRDP \(2025\)](#) Instruments and Forms to locate a description of each view of the assessment.
