This report allows users to select a rating period and classroom to generate a report for all the children in the classroom. The report will include scaled scores for these children in all rating periods in the current year.

Cohort Progress Report

The Cohort Progress Report provides domain scale scores for a selected group of children. It also provides the ability to select a filter such as program type. The report will show all domain scaled scores for the selected group within the current year (to date).

Group Detail Report

This report will show all domain scaled scores for the selected group within the current year (to date). The group may be all children or filtered using certain criteria.

The Parent Report is a summary report for parent conferences that includes Child Progress over time. It includes graphics and descriptors to show the child's rating and additional descriptive information about the child's progress.

Rating Completion Report

The Rating Completion Report can be used by administrators to check percentages, and numbers of classes and children, that their staff has rated for a specific rating period. Users can check the current number of children added, the percentages of children and measures completed, as well as the percentage of child records that have been locked for selected sites.
