| <b>Family Partnerships &amp; Culture (2016)</b> emphasizes the importance of being responsive to the cultures of the families as we develop meaningful partnerships with family members. Providing high quality care demands that we explore ways to connect with the families we serve. The result is high-quality learning experiences that contribute to children's well-being and successful development.                                                                                                                                                                                                                              | PARKY PARTY RESHIPS<br>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| <u>The Powerful Role of Play in Early Education (2021)</u> This publication discusses the critical role of play for children, particularly in early childhood. Play is an important context in which children learn, experiment with new ideas, and make sense of the world around them.                                                                                                                                                                                                                                                                                                                                                   | The Powerful Role of<br>Play in Carly Education                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

| PITC Resources through WestEd: The <b>Program for Infant/Toddler Care (PITC)</b> is a high-quality training system providing professional learning materials based on sound theoretical principles and research. Developed for trainers, program administrators, and teachers of infants and toddlers, these materials spell out a responsive, relationship-based approach to early care in which teachers learn to understand children's cues, interests, and skills and use them as the basis for an integrated curriculum that includes cognitive, communication- language, perceptual-motor, and social-emotional development. The importance of forming a close, caring relationship with each child and family is emphasized throughout all PITC materials. | The second |
