Woman offscreen: Maeve!

Father: Uh-oh! You're going to have to pick it back up. I know, right? You're so funny!

Woman offscreen: Hi, how are you?

Woman 2 offscreen: Good.

Father: Where are you going?

Woman 1 offscreen: I like that outfit.

Woman offscreen: I think I'm a little too heavy for you, but I'll do it.

Father: This is sand, this is, yuck!

Woman offscreen: Okay, hold on!

Father: You wouldn't put it in your mouth. Here, car. Do you want to drive?

Woman offscreen: Woo!

Woman offscreen: Oh, my God!

Child offscreen: Hey, Mommy?

Woman offscreen: And she was just sitting next to you? Mommy's turn! I know! Grab Mommy's hand, let's go!

Father: Can we fill the cement mixer with sand? Look inside.

Woman offscreen: Getting a little, oh, my God.

Father: Inside.

Woman offscreen: You thought it was on the wall?

Woman offscreen: I'm going down.

Father: Inside, fill it all up. That way, we can go meet Punky.

Woman offscreen: I know, I think that's going to, I saw...

Father: That's a lot. More?

Woman offscreen: I'm like how do you, like, how do you make it at the end?

Woman 2 offscreen: Oh, my God, I'm so tired, I'm like dying lately.

Woman offscreen: I'm so tired too.

Father: Pour. All right.

Woman offscreen: Hi! How are you?

Father: You got it halfway.

Woman: This is my friend, Alexa.

Father: No, not even close, like 10%. You can pack it in with your block. Good job.

Woman offscreen: The teacher, I don't know where the teacher's at.

Woman 2 offscreen: Oh, the teacher? **Woman offscreen:** Yeah, like, no one told me that.

Father: What is that? You're using two hands now! All right, what happened? Dust it off?

Father: Look, a rock! Put it inside. Are you going to try to get it out? What happens when we dump it out? Beep, beep, beep, beep. Oh, no, it's all out!

Woman offscreen: Oh, Bowen, you brought a bike!

Father: Come on, let's try something else.

Helios: Do!

Woman offscreen: Oh, right there?

Woman 2 offscreen: Yeah.

Woman offscreen: Oh yeah, I remember...

Feliciana Offscreen: He started to like building, and then, now what he's really been into is stacking, and so right now, while we're trying to capture stuff, it's like of him...
