Generating Group Detail Reports in DRDP Online

The Group Detail Report shows all domain-scaled scores for the selected group within the current year. The group may be all of the children, or it can be filtered using certain demographic criteria.

1. The Group Detail Report

1.1. Viewing the Group Detail Report

- 1. To start, log into DRDPOnline.org with your username and password.
- 2. On the menu bar to the left, select **Reports**. (See *Figure 1.1*.)

Figure 1.1-4: Report Completion

Only children with ratings completed in specific domains will be part of the results.

1.2. Domains and Developmental Levels

The report will chart domain and developmental levels via two color bars depending on which skills are being assessed.

The first color bar shows the rating level labels, starting with Responding Earlier (left) and finishing with Integrating Earlier (right). Underneath this bar are the domains. (*See Figure 1.2.*).

Figure 1.2: Group Report Legend

The "**n**" on the far left indicates the number of children in the domain rating. A black vertical bar shows the median score for the group within each domain. Under the color-coded section of the bar, a percentage number indicates the number of children that rated within that developmental level. (*See Figure 1.2-2.*)
